

Chronology Calamities

(bad crop years, dry and wet years, earthquakes, famines, food crises,
pandemics, plagues, starvations, wars, ...)

1309 – **Earthquake** in Lisbon and Algarve (on the 22 February)¹.

1310 – There are records of **pestilence** outbreaks that killed many people².

1315/1319 – **Wet** years that destroyed the crops and caused great **famines**, particularly acute in the years of 1315/1317³.

1318 – **Earthquake** in Portugal (on the 21 September)⁴.

1319/1324 – **Civil war** between king D. Dinis and his son, crown prince D Afonso⁵.

1321 – **Earthquake** in Portugal (on the 9 December)⁶.

1325/1326 – **War** between king Afonso IV and his half-brother Afonso Sanches⁷

1331 – **Famine** spread due to the dryness of the year.

1333/1334 – Another **drought** year led to crops failure, rising of food prices and **hunger** throughout the kingdom⁸.

1337 – **Earthquake** in Lisbon (on the 24 December)⁹.

⁷ Ferreira (2007).

⁸ Graça (2000); Sousa (2005).

1340 – **Earthquake** in Lisbon (in September)¹⁰.

1344 – A major **Earthquake** was felt in Lisbon and surroundings (on the 1st July)¹¹.

1347 – **Earthquake** in Coimbra (on the 28 November)¹².

1348 – **Earthquake** in Coimbra (on the 24 July)¹³.

1348/1349 – **Black Death.** Known as «*the great slaughter*», the pestilence started in September 1348, lasted at least 3 months and killed about 1/3 of the kingdom's inhabitants¹⁴. In the beginning of 1350 the municipalities still complained about the lack of people caused by the plague, and the consequent fall of farm yields¹⁵.

1349 – **Crisis of manpower**¹⁶.

1350 – **Earthquake** in Lisbon¹⁷.

- **Plague** throughout the country¹⁸.

1353 – **Earthquake** in Silves (Algarve)¹⁹.

1355 – **Earthquake** in Lisbon and several municipalities of Alentejo and Algarve (on the 11 July and 4 August)²⁰.

- **Dry** year («*the driest men saw* »)²¹.
- Great **lack of bread** throughout the country²².

1356 – Strong **earthquake** in Coimbra, Alcobaça, Lisbon and surroundings, Setúbal, Silves and other places from the South of the country (on the 24 August). The quake lasted 15 minutes, destroyed many buildings and gave rise to **starvation**²³.
- **Plague** outbreak²⁴.

1358 – **Plague** outbreaks²⁵.

1361/1363 – **Plague** outbreak²⁶.

1364/1366 – **Food shortages** and **hunger**²⁷.

1365 – **Plague** outbreak²⁸.

1366 – **Earthquake** in Lisbon, Algarve (Silves, Loulé) and other places (on the 18 May)²⁹.

1369 – In December a big **fire** destroyed many buildings of some of Lisbon's main streets (R Nova and R da Ferraria up to the Quay of Ver-o-Peso).

1369/1371 – First “Fernandina” **war** with Castile.

1371/1372 – **Grain crisis**³⁰.

- Popular **rebellions** or "unions" against the wedding of King Fernando³¹.

1372 – Huge **floods** due to the fact that this was a very rainy year³².

- **Plague** outbreak³³.

1372/1373 – Second “Fernandina” **war** with Castile.

1373 – King Henry II of Castile laid **siege** to Lisbon and set fire to the neighbourhoods outside the walls of the city³⁴.

- Popular **rebellions** or "unions" in several cities and villages all over the kingdom³⁵.

1374/1376 – **Epidemics, drought and famine**³⁶.

1376 – **Bad crop** due to this year's severe **drought**³⁷.

1380 - **Plague** outbreak³⁸.

1381/1382 – Third “Fernandina” **war** with Castile.

1382 – **Drought year**³⁹.

1383/1385 – **Popular uprisings** in several cities and villages of the country⁴⁰.

1383/1385 – “**Revolution**” (1383) and **war** with Castile.

- King John of Castile besiege Lisbon (in 1384), but the **pestilence** forced him to raise the siege⁴¹.

1384 – The **plague** outbreak of this year is considered to be one of the greatest in Portugal.

1384/1387 – **Bad crop years. Hunger**⁴².

– **War** with Castile

1389 - Pestilence⁴³.

1391/1392 – **Food crisis** in Portugal and all over Europe due to bad crop years⁴⁴.

1392 - **Earthquake** in Coimbra and other places (on the 8 Jun)⁴⁵.

1393/1394 – In Europe those were excessively **hot** and **dry** years⁴⁶.

1394 – **Cereals crisis. Famine**⁴⁷.

1395 – **Earthquake** in Coimbra and other places (on the 20 August)⁴⁸.

- **Plague** in Torres Vedras (Lisbon district)⁴⁹.

1397/1400 – **Bad crop years. Hunger**⁵⁰.

14th (last quarter)/15th (1st half) – **Climate variations** with alternation of dry and wet years.

⁷¹ Ferreira (2007)

1440 – Wheat shortage in Lisbon.

1445/1446 – Starvation⁷².

1448 – Epidemic outbreaks in different regions of the kingdom⁷³.

- Insurrections in some cities of the kingdom, specifically in Oporto⁷⁴.

1449 – War between the young King Alfonso V and his uncle, the prince regent Peter⁷⁵.

1452/1455 – Cereals crisis, famine and plague⁷⁶.

1453/1454 – Epidemic⁷⁷.

1456/1458 – Plague⁷⁸.

1458 – Records of epidemic outbreaks in several parts of the country, namely in Lisbon between March and September⁷⁹.

1459/1461 – Starvation⁸⁰.

1461 – Records of occurring an outbreak of great pestilence in Lisbon⁸¹.

1464 – Older news of floods of the Mondego river in Coimbra⁸².

1464/1469 – Epidemic outbreaks in different places, namely in Setúbal⁸³.

⁸² Loureiro (2000).

1467/1468 – Cereal crisis and hunger, especially in Algarve⁸⁴.

1469 – Epidemic outbreaks in several parts of the kingdom.

1472/1473 – Cereal crisis⁸⁵.

1473/1474 – Years during which «*the whole earth seemed on fire*»⁸⁶.

1475/1478 – Cereal crisis. Starvation⁸⁷.

1477/1479 – The plague devastated Coimbra and spread to Lisbon⁸⁸.

1480 – Earthquake in Lisbon⁸⁹.

1480/1481 – Plague in Lisbon and all over the kingdom, from whose disease died king Afonso V⁹⁰.

1483/96 – During these years are recorded several outbreaks of plague in Lisbon and elsewhere in the kingdom⁹¹.

1484/1488 – Famine years⁹².

1486 – Scarcity of grains in Lisbon.

- Plague in Oporto and Alhandra (Lisbon suburbs).

1488 – Scarcity of meat in Lisbon.

⁹¹ Oliveira (1885).

⁹² Costa (<http://www.ricardocosta.com/cronologia-da-peninsula-iberica-379-1500>).

1488/1489 – Outbreak of **plague** in Lisbon.

1490 - In the Cortes of Évora people complained that the equalization of measures gave rise to a general **rise of prices**.

1490/1491 – **Famine** years⁹³.

1491 – **Plague** throughout the kingdom.

1494/1496 – Years of **famine**⁹⁴.

1500 – **Earthquake** in Lisbon⁹⁵.

1502 – **Plague**.

1503/1505 – **Adverse climatic** events: winter and spring months exceptionally rainy led to **lost crops** or too insufficient to feed the population⁹⁶.

1503 – **Hunger** and outbreak of **epidemics**⁹⁷.

1504 – **Earthquake** in Lisbon, Ribatejo (Tagus river valley) and Algarve⁹⁸.

1505/1507 – **Typhoid** epidemic which causes many deaths. The « *brave and cruel epidemic* » started in Lisbon (in 1505) and spread to the provinces (until 1507)⁹⁹.

1507 – **Bad crop** year in Braga (North of the country)¹⁰⁰.

⁹³ Costa (<http://www.ricardocosta.com/cronologia-da-peninsula-iberica-379-1500>).

¹⁰⁰ Oliveira (1997a)

1507/1509 – **Epidemic** in Guimarães, Póvoa do Varzim (North of Portugal) and Lisbon¹⁰¹.

1510/1511 – Outbreak of **plague** throughout the kingdom¹⁰².

1512 – Registered a major **Earthquake** in Lisbon and surroundings, Condeixa-a-Velha (Coimbra district) and other places (on the 28 January)¹⁰³.

1513 – **Plague**.

1515/1516 – **Bad crop** years, namely in Braga (North of the country)¹⁰⁴.

1518 – **Plague** in Lisbon¹⁰⁵.

1520/1521 – **Plague** all over the kingdom, but particularly violent in Oporto (in 1521)¹⁰⁶.

1521 – Due to the **severe drought** this was a «**sterility year**»¹⁰⁷.

1521/1522 – **Bad crop** years, **hunger** and **epidemics**¹⁰⁸.

1522 – **Grain crises. Hunger**¹⁰⁹.

1523/1525 – New outbreak of **epidemics**, namely of lethargic encephalitis in Lisbon that oblige to isolate the city¹¹⁰.

1526 – Major **flood** in Douro's river¹¹¹.

1540 – The **harvests** have been very **poor** this year¹²².

– **Bread shortage** in Lisbon¹²³.

1545/46 – Years of **crop failure**, **climb of food prices** and **hunger**, for the most part in North Portugal¹²⁴.

1545/1551 – **Financial crisis.**

1546 – Big **floods** in the Mondego river compelled the monks to leave the Coimbra's monastery of S Domingos¹²⁵.

1551 – Large **earthquake** in Lisbon that destroyed around 200 buildings and buried more than 2.000 people.

1555 – **Bad crop** year causes lack of bread in the country¹²⁶.

1559 – Another year of **scarce harvest**, mostly in Oporto and in the Northern provinces¹²⁷.

1561 – **Bad crop** year¹²⁸. **Drought** in Alentejo and Ribatejo.

- **Plague outbreaks**¹²⁹.

1564/1565 - **Winter** «extremely severe over all Europe»¹³⁰.

1566 - **Epidemic outbreaks**¹³¹.

1568 – **Famine** due to the lack of bread.

1596/1600 – Years of famine, hunger, food crises and pestilence¹⁵².

1597 – Floods in the Douro and Guadiana rivers¹⁵³.

1598 – Earthquake (on the 28 July)¹⁵⁴.

- The British fleet laid siege to Lisbon.

1598/1603 – The plague, that started in Lisbon, on October 1598, ravaged the country for the next five years, especially the cities of Lisbon, Coimbra and Évora, and killed about 80.000 people¹⁵⁵.

1600 – Bad crop year and food crisis.

1601 – Fire in the All Saints Hospital (Lisbon main hospital).

1602 – Floods in the Guadiana river¹⁵⁶.

1608 – In Oporto were detected signs of starvation¹⁵⁷.

1609 – Flooding in the river Guadiana forced the monks to abandon the monastery of S Francisco da Ponte¹⁵⁸.

1613 – Typhus outbreaks in Lisbon¹⁵⁹.

- Drought in the South (Alentejo)¹⁶⁰.

1614 - Earthquake¹⁶¹.

- Hunger in Oporto¹⁶².

1615/1616 – These were «very dry years all over Europe»¹⁶³.

1619/1622 - Crisis of major agricultural crops¹⁶⁴.

1620 – Bad year for cereals crop¹⁶⁵.

- Earthquake¹⁶⁶.

- Typhus epidemic¹⁶⁷.

1621 – Famine and rebellions in the North of the country¹⁶⁸.

1621/1622 - The sterility was so great in the marshy lands of the river Tejo, that some institutional landlords, like the All Saints Hospital, release their tenants from the obligation to pay this year' rents¹⁶⁹.

- Food scarcity in Lisbon.

1622 – The Dutches attacked the Portuguese sea coast (Lisbon, Oporto, Aveiro, ...) and the Muslims the Algarve coast¹⁷⁰.

- In Spring Lisbon and all kingdom suffered from famine. «*There was no wheat or vegetables in the town and its surroundings. Neither the speculators did business because they had nothing to sell*»¹⁷¹.

1623 – Rise of food prices and famine until the mid of the year¹⁷².

- Huge anti-Castilian rebellion in Lisbon¹⁷³.

1624/1625 – Food scarcity in Lisbon.

1625/1626 – Huge flooding in Oporto¹⁷⁴.

1626 - A violent outbreak of **diphtheria** affects Lisbon¹⁷⁵.

1627 – High prices of grain and hunger¹⁷⁶.

1628 – Anti-Castilian manifestations in Lisbon and Oporto¹⁷⁷.

– Food scarcity in Lisbon.

1629 – Fiscal rebellions in Oporto, Santarém and Alcácer do Sal¹⁷⁸.

1629/1633 – Sudden drop of cereal production, mainly in the north-western provinces, caused a general crisis of hunger and high of grains prices¹⁷⁹.

1630 - Earthquake¹⁸⁰.

- Severe drought in the province of Ribatejo (north Est Lisbon) led populations to carry out many processions begging for rain¹⁸¹.
- Anti-Jewish rebellions in several cities, namely in Lisbon, Coimbra and Évora¹⁸².

1630/1632 - The typhoid fever spreads by the city of Coimbra¹⁸³.

1641 – Popular **rebellions** in Braga (North-West)¹⁹⁴.

– **Food scarcity** in Lisbon.

1641/1644 – **Crisis of cereal production**, mostly in the north-western provinces¹⁹⁵.

1642 – The Castilians **attacked** the Algarve region and laid **siege** to Alcoutim and Castro Marim (in the context of the wars of Restoration)¹⁹⁶.

1642/1647 – **Demographic crisis** particularly acute in the north-western provinces¹⁹⁷.

1644 - **Battle** of Montijo and siege of Elvas (in the context of the wars of Restoration)¹⁹⁸.

1645/1646 – **Plague** in Algarve. In Tavira the epidemic killed 10% of the population¹⁹⁹.

1646/1647 – **Food scarcity** in Lisbon.

1647 - **Cereals shortage** affects particularly the city of Lisbon²⁰⁰.

1647/1650 - The bubonic **plague** reappeared in the country and acquires «great virulence» in Lisbon in 1649²⁰¹.

1650/1651 – **Food scarcity** in Lisbon.

1653 – **Battle** of Arronches (in the context of the wars of Restoration)²⁰².

1654 – The **drought** was so severe in the province of Alentejo (South of the country), that the bed of the River Guadiana reached to dry²⁰³.

1655 - Outbreak of **famine** throughout the kingdom²⁰⁴.

1657 – Naval **siege** of Lisbon by the Dutch that last for 3 months²⁰⁵.

1657/1659 - **Epidemics** of typhus and influenza outbreaks²⁰⁶.

1659 – New outbreak of **famine** throughout the kingdom²⁰⁷.

- **Battle** of the “Linhos de Elvas” (in the context of the wars of Restoration)²⁰⁸.

1660/1661 – **Food scarcity** in Lisbon.

1661 – **Bad crop** year and subsequent **famine**²⁰⁹.

- Fiscal **rebellions** in Oporto (May-October)²¹⁰.

1662/1663 – New outbreaks of **typhus** and **influenza**²¹¹.

1663/1665 - **Battles** of Ameixial, Castelo Rodrigo and Montes Claros (in the context of the wars of Restoration)²¹².

1664/1665 – Very **cold winter** in Coimbra that destroyed olive production²¹³.

1665 – Food scarcity in Lisbon.

1667/1668 – Food scarcity in Lisbon.

1677 - Major **floods** of the Mondego river in Coimbra, forced the nuns to abandon the convents of Santa Clara and Santa Justa²¹⁴.

1680 - Bubonic **plague**²¹⁵.

1683 – One of the **driest years** in the region of Elvas (North Alentejo)²¹⁶.

1693 – One of the **coldest** and **dry** winters on people memory²¹⁷.

1694/1695 – Years of **food shortage, high prices** and "intolerable" **hunger** throughout the country²¹⁸.

1696 - **Earthquake**²¹⁹.

1697 – The wine and olive harvests were affected by the **frosts** that fell in Jun²²⁰.

1699 – On the 27 October began a period of «*terrible earth tremors*» that hit mostly Lisbon and lasted for much of November²²¹

1704/1711 – Foreign (Castilian) attacks against the country borders (Beira and Alentejo) in the frame of the **War of the Spanish Succession**²²².

1708/1709 – **Bad crop years, high of food prices** and **famine**²²³.

1709 – This winter was so **cold** all over Europe that was called, «*by distinction, the cold winter*». The olive plantations from the South of France «*were almost entirely destroyed (...) and the citron and orange trees suffered extremely in the finest parts of Italy*»²²⁴.

1718 – The weather was «*extremely hot and dry all over Europe*»²²⁵.

1719 – Strong **earthquake** in Lisbon and Algarve²²⁶.

1720 – Cholera **plague** in the Algarve region²²⁷.

1722 – Strong **earthquake** in the south of the country (Algarve on the 27 December)²²⁸.

1723 – **Yellow fever** in Lisbon²²⁹. It is estimated that the number of deaths will have been about 6.000²³⁰.

1724 – A strong **earth tremor** was felt all over the country (Lisbon, Oporto, Santarém, Elvas, Portimão, ...) on the 12 October²³¹.
- A **hurricane** hit Lisbon on the 19 November and destroyed 62 ships²³².

1727 – On December, 28, started the largest **flood** of the river Douro during the 18th century. The flood caused over a hundred deaths; destroyed fields,

houses, wine and olive-oil warehouses and boats at the river mouth. The damages were valued at more than 150.000 cruzados²³³.

1729 – Another big **flood** in Douro river²³⁴.

1731 – Big **floods** on the Tagus River²³⁵.

1732 – **Earthquake** in Loulé (Algarve)²³⁶.

1734 – Strong **earth tremors** in the Algarve region, above all in Portimão and Faro²³⁷.

- A big **fire** in one of the main streets of Lisbon (Rua Nova do Almada) dislodged 59 families²³⁸.
- Major **flooding** in Douro river.

1738 – **Earth tremor** in Portimão (Algarve)²³⁹.

- **Hurricane** in Figueiró dos Vinhos (Leiria district, in Jun).

1739 – Several **earth tremors** were felt in Portimão (Algarve, in October).

- Major **flooding**, caused by great waterspouts, was recorded in the basins of the river Tagus, Mondego and Douro (in December)²⁴⁰.

1740 – Great **flood** in Tagus river (January).

- Another very **cold** year all over Europe. In Spain and Portugal the snow «*lay eight or ten feet deep*»²⁴¹.

1741 – **Fire** in S Francisco Monastery (Lisbon).

1744 – One more **cold** winter in Europe. In Évora (South Portugal) the winter was so cold, that «people could not creep out of their house for heaps of snow»²⁴².

1745/1749 – Very **cold** winters all over Europe²⁴³.

1748 - **Earthquake**²⁴⁴.

1749 - Heavy rains cause **floodings** in the province of Minho (January).

1751 – Huge **floods** in Beja (January).

- **Earthquake** in Moncorvo (on the 19 December)²⁴⁵.

1754 - Big **fire** in the neighborhood of Ribeira Grande in Lisbon (October).

1755 – A **fire** completely destroys the Prince Street, in Lisbon (February).

- A catastrophic **earthquake** followed by a **tsunami** and a huge **fire** destroyed completely Lisbon (on the 1st November) and had big impact in other places (Algarve, for instance). Several aftershocks were felt in the next days and weeks (namely on the 8, 11 and 21 November). The number of deaths may have reached 40,000 people²⁴⁶.

1757 – **Rebellion**, in Oporto, against the tavern' privileges conceded to the Company of Alto Douro's vineyards (February)²⁴⁷.

²⁴⁷ Costa (1789;309-312).

1758 – **Flooding** in the basins of the rivers Douro, Vouga and Guadiana²⁴⁸.

1759/1764 – **Cereal crisis** in Southern Europe²⁴⁹.

1761/1763 - Spanish–Portuguese **War**, also known as Fantastic War, in the context of the Seven Years' War.

1762 – The Spanish troops **invaded** Portugal by the northern and north eastern provinces (Trás-os-Montes, in May, and Beiras, in August), occupied the towns of Miranda, Bragança, Chaves and Almeida and left the country by the end of the year, after the signature of an armistice between the Anglo-Portuguese and Franco-Spanish armies.

1763 – The year was too **rainy** in the north (Braga and Guimarães) affecting the crops and causing many illnesses and deaths²⁵⁰.

1765 – **Earth tremor** in Lisbon (on the 1st January and the 13 September).

1766/1768 – The winters were, once more, very **cold** all over Europe²⁵¹.

1767/1770 – **Crisis** in Northern provinces characterized by **bad crops**, food shortages, dizzying **rise of prices** and **epidemic outbreaks**²⁵².

1774 – Big **flood** in Douro river²⁵³.

1779 – **Drought** year²⁵⁴.

1784 – A **hurricane** caused serious damages in Santarém and the Ribatejo region²⁵⁵.

1788 – **Flooding** in the rivers Douro and Mondego²⁵⁶. In this one the water crossed the Coimbra bridge and the boats entered the church of Sta Cruz²⁵⁷.

1789/1793 – **Crop crisis** (high prices of grains) in the Northern provinces related with **climatic changes**²⁵⁸.

1790 - The **weather** was too **rough** during this year's winter²⁵⁹.

1793 – **Drought** year in Algarve²⁶⁰.

1796 – Strong **earth tremor** in Lisbon²⁶¹.
- Very **cold** winter, in particular in Lisbon²⁶².

1798/1799 – The **harsh** winter of 1798/1799 (very rainy and cold) emphasized the **crisis of food** shortage and **climb of prices** that already lasted for several years, especially in the North²⁶³.

1800 – The **rain** that fell almost continuously during winter and spring **ruined** the wheat and barley **harvests**²⁶⁴.

²⁶² Capelo (2000).

²⁶³ Oliveira (1996 b).

²⁶⁴ Silva (1815); Silva (1993),

1807/1808 – First **French Invasion** (November 1807/September 1818). The French army, under Junot's command, invaded the country by its eastern borders (Segura and Elvas), occupied the major cities, but was compelled to leave the country after being defeated by the Anglo-Portuguese troops at the Roliça and Vimieiro battles (17 and 21 August 1807).

1808 - **Insurrections** against the French in numerous localities (Lisbon, Oporto, Coimbra, Évora, Faro, Bragança, Olhão, ...)

1809 – Second **French Invasion** (February/May 1809). Soult invaded Portugal by its northern border (Vila Nova da Cerveira and Chaves), but was forced to leave the country a few months later owing to the stout resistance he encountered.

- In March the city of Oporto was **attacked** and **plundered** by Soult's army, and thousands of its inhabitants (about 4.000) died while fleeing the city by the bark's bridge (29 March).

1810 – The city of Coimbra is **occupied** and **plundered** by Massena's army (between 1 and 7 October).

1810/1811 – Third **French Invasion** (July 1810-April 1811). Once more the French army, this time leaded by Massena, invaded Portugal by its north-eastern border (Almeida), was defeated by the Anglo-Portuguese troops (at Buçaco, Pombal, Redinha and Sabugal battles) and must leave the country definitively.

1811 – Outbreak of **typhus** in Lisbon, with origin in the army. This disease made many victims in Lisbon, whose population had increasing considerably «*by continuing emigration of provinces in consequence of the war*»²⁶⁵

²⁶⁵ Oliveira (1885:495).

1816/1817 – Extremely **cold** and **dry** years. 1816 is known as the year without summer and 1817 was considered to be «*the scarcest known in the kingdom; (once) the happier (farmers) will just reap the seed*»²⁶⁶.

1820 – Start of the **Liberal Revolution** in Oporto (on the 24 August).

1821 – Another *very rainy year*, with **floods** and **crops destroyed**²⁶⁷.

1823 – **Flood** in the rivers Douro and Guadiana²⁶⁸.

1828/1834 – **Civil war** opposing liberals to royalists (partisans of the ancient regime).

1829/1830 – **Freezing years**²⁶⁹.

1832/1833 – Oporto's **siege** (July 1832/August 1833) by the royalists in the frame of the liberal struggle. Beyond the bullets, the Oporto's population was decimated by the **cholera**, the **typhus** and the **famine**.

1833 - **Cholera morbus** outbreak kills more than 40 thousand people²⁷⁰.

1836 – The year begins under this sign: **riots, tumults and wanton**²⁷¹.

- On July 14 there was a «*dreadful fire*» in Lx that destroyed the former palace of the Estaos (north of Rossio) that had been rebuilt after the 1755 earthquake²⁷².

1839 – The weather was too **cold and wet** in the North (Minho and Trás-os-Montes provinces), loosing this year's crops²⁷³.

²⁷¹ Aldemira (1937).

²⁷² Aldemira (1937).

1845/1846 – Bad crop years all over Europe.

1847/1849 - Typhoid and yellow fever epidemics²⁷⁴.

1850/1851 – Yellow fever outbreaks in Oporto²⁷⁵.

1852/1854 – Successive floods in the Mondego river destroyed the crops of the adjacent fields²⁷⁶.

1854 - Excessively dry year²⁷⁷.

- Cholera outbreaks in the South of the country (Alentejo and Algarve provinces)²⁷⁸.

1855 – Extremely rainy year²⁷⁹.

- Huge floods in the Tagus and Mondego rivers²⁸⁰.

1855/1857 - Spread of Cholera Morbus and yellow fever throughout the country, but more intensely in Lisbon where it infected more than 10% of the population (16.000 to 18.000 people)²⁸¹.

1856 - Earthquake in the south of the country (Algarve) that caused major damages in the Sotavento (on the 12 January)²⁸².

- Due to the fact that it rain continuously from January till Jun, this was the worse crop year of the 19th century²⁸³.

²⁸² SPES.

1856/1857 – **Epidemic** outbreaks spread all over the country²⁸⁴.

- The **oidium** crisis reaches its peak.

1856/1858 – The **yellow fever** is spreading in Lisbon infecting more than 10% of the population (16.000 to 18.000 people) and killing about 5.000²⁸⁵.

1858 - **Earthquake** in Moncorvo (on the 19 March) and in Setúbal (on the 11 November)²⁸⁶.

1860 – **Economic crisis**.

- Big **flooding** in the rivers Douro and Mondego²⁸⁷.

1862/1863 – **Drought** years²⁸⁸.

1872 – Large **floods** in the Tagus and Mondego rivers²⁸⁹.

1874/1875 – Extremely **dry** years²⁹⁰.

1876 - Very **wet** year²⁹¹.

- **Floods** in the rivers Douro, Tagus and Guadiana, where this was regarded as one of its biggest floods (December)²⁹².

1879 - **Yellow fever** outbreaks in Lisbon²⁹³.

1881/1885 - The **phyloxera** crisis reaches its climax in the Douro's valley.

²⁸³ The fall in production was huge and reached all cultures. Cf., Lains & Silveira (1998); Melo (2010).
